

Federal Business Opportunities (FedBizOpps)

Overview

In accordance with the President's Management Agenda for Electronic Government (e-Gov), Federal Business Opportunities (FedBizOpps) is the single Government Point-of-Entry (GPE) for Federal government procurement opportunities over \$25,000. Government buyers are able to publicize their business opportunities by posting solicitation information directly to FedBizOpps via the Internet. Through one portal, commercial vendors seeking Federal markets for their products and services can search, monitor and retrieve opportunities solicited by the entire Federal contracting community.

Program Mission

FedBizOpps simplifies and standardizes the methods used by the Federal Acquisition Community and the DoD to interact with government buyers by publicizing their business opportunities through FedBizOpps via the Internet.

Benefits

FedBizOpps provides DoD and the Federal Acquisition community a centralized method to communicate requirements to industry and promote competition for sourcing opportunities and provides single point of entry for commercial suppliers to search for opportunities through:

- Robust searching capabilities for vendors to locate relevant Federal solicitation information;
- Providing government user with interested vendor list and sends e-mail notifications to vendors on applicable solicitation information;
- Providing a metrics module to give authorized government users ability to track aggregated FedBizOpps activity for their particular agency and office location; and
- The use of a fully dedicated Help Desk staff between the hours of 0800 to 1800 (EST) Monday-Fridays.
